 ‡ Until recently Al Wright has known his grandmother on Arthur Wright's side of the family to be Annie Glass. Father Jette's carefully compiled census clearly shows another woman named K'its'inokko or "Old Annie" as Arthur Wright's mother. Elsie John confirms this and says her mother's, mother Julia was K'its'inokkos' sister. K'its'inokko also had a daughter named Bessie Charlie who is the mother of Dorothy Titus and many of the Charles' in Minto. The confusion about Annie Glass (Koroyilino) probably results from her being the mother of Celia Wright (Noto) who was known as Arthur Wright's sister. Records show that they have the same father but different mothers.
